Construction Description

ATOMKIP-KUPOfPng(A)-FRHF 12x2x0,75kl5 500V
Cable Family: ATOMKIP-KU
Insulation Material: Halogen-free polymer compound
Overall Screen: Aluminum foil
Filler Material: Halogen-free polymer compound
Sheath Material: Halogen-free polymer compound
Sheath Color: black
Flame Retardant
Fire Resistant
Halogen Free
Conductor Material: Cu
Core Groups: 12
Group Type: pair
Cross-Section (mm²): 0.75
Conductor Flexibility Class: 5

Prediction Reason

Insufficient feature value data: rated_voltage_v=300 (0 < 30)
Insufficient feature value data: rated_voltage_v=500 (0 < 30)
Insufficient feature value data: rated_voltage_v=660 (0 < 30)
Insufficient feature value data: uv_resistant=True (0 < 30)
Insufficient feature value data: uv_resistant=True (0 < 30), rated_voltage_v=660 (0 < 30)
No price model is trained for cable_family=MK.
No price model is trained for cable_family=TOFLEX-KU.
Prediction is produced by per-family histogram gradient boosting over UCM features after feature coverage

Compatibility Differences
